LADY OPHTHALMOLOGISTS OF WOA

Message from Chief Guest

Sri Damodar Rajanarasimha,

Health, Medical & Family Welfare,
Science and Technology, Government of Telangana

Dear Delegates,

I am glad to know that Telangana Ophthalmological Society and Warangal Ophthalmological Association are jointly organising the 10th Telangana State Annual Conference at Satya Sai Convention, Madikonda, Kazipet, Warangal.

I wish to congratulate the LOC & WOA for organizing this prestigious conference.

I am impressed by the efforts of organizing committee especially Dr. A. Ravindra, Dr. P. Praveen, Dr. K. Raj Kumar, Dr. M. Venumadhav for inviting eminent doctors from all over India to deliberate the latest development in diagnosis and management of the eye related diseases which will be help for the younger ophthalmologists.

I wish all the delegates, a successful and Memorable Conference.

Sri Damodar Rajanarasimha

Chief Guest

Dr. Partha Biswas,

MBBS (Hons), MS, Fellow (Sankara Nethralaya)

Chairman, BB Eye Foundation

Kolkata, WB

Chairman, ARC, All India Ophthalmology Society

In addition to being the Chairman of BB Eye Foundation, Dr Biswas also serves as honorary chair of Purnima Netralaya, Jharkhand and is the honorary director of Netra Jyoti Seva Mandiram, Rajgir, Bihar.. He was elected as Chairman of the academic and research committee of the AIOS and has undertaken several new initiatives to increase the reach and effectiveness of the committee. Over the years, he has won several awards including the Col. Rangachari award for best paper at the AIOS and is involved in numerous cutting edge research projects. Dr Biswas is a superb cataract and refractive surgeon and being an educationist at heart, he has also started the innovative "Court Martial in Ophthalmology" which has been a highly successful program at national and international meetings.

Guest of Honor

Narmata Sharma,

Professor, RP Center, AIIMS, New Delhi

Dr Namrata Sharma is Professor of Ophthalmology at the Rajendra Prasad Center for Ophthalmic Sciences at the All India Institute of medical Sciences (AIIMS) and is one of the pioneers of lamellar corneal surgery in India. Her areas of interest include Refractive surgery, Phacoemulsification, corneal disorders, contact lenses and glaucoma.

She was Hony. Gen. Secretary, AIOS

Preesently she is Chairperson Scientific Committee AIOS

She won many National and International awards has number of publications to her credit.

TOS and WOA are please to invite her as **Guest of Honor**

Guest of Honor

Vasagiri Venkata Lakshminarayana, IPS

Vasagiri Venkata Lakshminarayana, popularly known as JD Laxminarayana is a softspoken person, educator, and politician.

Born in Kadapa Dist, in Andhra Pradesh. He received his B.Tech. in the Mechanical Engineering from the NIT Warangal, M.Tech from IIT, Madras.

He joined Civil Services and Selected as an IPS officer. Posted as Addl. DGP, Mumbai.

He took voluntary retirement in 2018 and took up issues of farmers, youth and women.

After his tour to all the Districts, he has announced that issues of farmers, youth, women.

Zero budget politics is his primary agenda.

Message from President

Dr. G. R. Bharath Kumar,

President,
Telangana Ophthalmological Society

Warm greetings to everyone

Since the formation of Telangana, we have moved forward each year in updating our knowledge through conferences, CMEs, and ARC meetings. I am happy to have contributed a little, particularly in updating our website and getting our journal indexed. I feel proud and thankful to be part of our society's steady growth.

My term as President is going to end with the upcoming 10th TOS conference at Warangal

I sincerely thank my Executive Committee for their unwavering support, which helped me in performing my duties well and reach my goals.

I warmly welcome you all to the upcoming conference. Do use this platform to learn, share, and grow together.

Our Scientific Committee Chairman, Dr. Rishi Swaroop, has planned a wonderful academic program and I'm sure that you will gain valuable knowledge from it.

I appreciate the efforts of Local Organising Committee for making excellent arrangements. The efforts made by Dr A. Ravindra, Dr CH.Parameshwar Rao, Dr K.Raj kumar, Dr P.Praveen , Dr M.Venu Madhav and all others are well appreciated. Please enjoy their hospitality.

Spark you all once again for giving me this opportunity to serve our

Dr. G. R. Bharath Kumar,

President,
Telangana Ophthalmological Society

Dr. Hari kishan Oration 2016

Dr. V. Rajalingam

Honorary Gen Secretary,
Telangana Ophthalmological Society

Warm Greetings to all my esteemed colleagues and vision pioneers.

It is my great privilege to invite you all for this 10TH TOS Annual conference at Warangal.

In this conference we celebrate not just our shared profession, but our collective commitment to restoring and preserving the miracle of sight. This gathering is more than a meeting of minds, it's a convergence of passion, purpose, and progress.

Let this conference be a platform to exchange cutting - edge innovations, revisit timeless techniques, reaffirm our dedication to patient centered care. Whether it is mastering microsurgical finesse or embracing the power of AI in diagnostics, every insight shared brings us one step closer to a clear, brighter future for our patients.

Under the leadership of TOS President Dr. GR Bharath Kumar and Advisor Dr. A. Ravindra we all worked effectively. Dr Rishi Swarup, Chairman Scientific Committee and members of Scientific committee prepared a basket of knowledge packed scientific content. Dr. Srinivas Prasad, Editor Publication, along with his members releasing Telangana Ophthalmological Journal which is going to be an Indexed journal in near future. Dr. Modini, Chairman ARC added new PG teaching methodology "SKIT SESSION" in Annual Conference. I thank Dr. K. Vijaykumar, President Elect, Dr. V. Pravin Krishna, Vice-President, Dr. P.Praveen, Joint Secretary, Dr. V. Ravikumar, Treasurer for their contributions.

This 3 days conference will bring all sight saving practitioners, researchers and educators together to share knowledge. Adding to the scientific knowledge you can acquire geographical knowledge of Kakathiya dynasty sculptures, monuments and great culture.

I wish you all great future ahead and I will be delighted to see you all in person at Hanmakonda.

With best wishes!

Dr. V. Rajalingam,

Honorary Gen Secretary,
Telangana Ophthalmological Society

Message from Scientific Committee Chairman

Dr. Rishi Swarup,

Chairman, Scientific Committee,
Telangana Ophthalmological Society

Dear Esteemed Delegates,

It is my absolute privilege to welcome you to TOSCON 2025, the annual conference of the Telangana Ophthalmological Society, hosted this year in the historic city of Warangal.

As Chairman of the Scientific Committee, my vision was to craft a scientific program that is relevant, forward-thinking, and practically enriching for every delegate—whether you're an early-career ophthalmologist or a seasoned practitioner.

This year's academic schedule promises to be one of our finest, featuring an inspiring lineup of Oration Lectures by some of India's most respected thought leaders:

- Rustom Ranji Oration by Dr. Milind Naik
- P. Siva Reddy Oration by Dr. M. Vanathi
- Harikishen Oration by Dr. A. Ravindra
- Ravi Kumar Reddy Oration by Dr. Kumar Doctor

We have also curated dynamic symposia, masterclasses, Instruction Courses and VAST sessions covering everything from basics, ophthalmic diagnostics, advanced surgical techniques and pediatric eye care to practice management and financial literacy.

What truly elevates TOSCON 2025 is the stellar roster of guest faculty joining us from all over India. With their unmatched expertise and teaching prowess, these stalwarts and our rich bouquet of local faculty will enrich our collective learning experience.

I am deeply grateful to the organizing team, presenters, reviewers, and our faculty for their commitment to academic excellence. I encourage you to make the most of this opportunity—not just to learn, but to collaborate, question, and grow.

Looking forward to seeing you in Warangal for an unforgettable academic and cultural experience.

Warm regards,

Dr. Rishi Swarup,

Chairman, Scientific Committee
TOSCON 2025, Warangal

Message from **Local Organizing Committee**

Dear friends

Loc of Ekashila eyecon 2025 extends hearty welcome to all our Delegate, traders Guest faculty . This is 3rd state conference being held at warangal 2 physical and one Zoom . Everytime we fid our best to make the conference a big success.

This time our Sc chairman Dr. Rishi swarup is working to come out with best scientific content getting all eminent and excellent speakers from across the country.

We the LOC has made all arrangements to make tour stay will be memorable as has been the case earlier too.

Traditional Telangana hospitality and well designed cultural program with our own fraternity and local talent will be a big feast.

We request your presence and active participation and be a part of the success of the conference. Welcoming you all and hoping see you at venue

ATTRACTIONS @ WARANGAL

Ramappa Temple

The Ramalingeswara Temple which is popularly known as the Ramappa temple is one such amazing piece of art that stands as a testimony of the royal Kakatiyas. The temple got its name Ramappa because of its chief sculptor Ramappa. It's probably the only temple in the country to be known by the name of its sculptor. The medieval Deccan Ramappa Temple which dates back to 1213 AD, was built by the patronage of the Kakatiya ruler Ganapathi Deva under the authority of his Chief Commander Recherla Rudra at the place known as Ranakude in the Atukuru province. The Ramappa temple is the right destination for people who admire architectural brilliance and have a panoramic view of true scenic beauty. The temple is situated in Palampet village of the Venkatapur mandal, in Mulugu District.

Tadvai Forest Huts and Cycling

Tadvai is a tribal village abutting NH 163 and is located about 76km from Bhupalpally. This is known for its Wildlife Sanctuary. In view of wildlife significance of this region, the State Forest Department has developed a unique project called 'Vanajeevan' (Tadvai Huts Complex), a forest resort tucked away in deep reserve forest area providing excellent experience to the nature loving tourists.

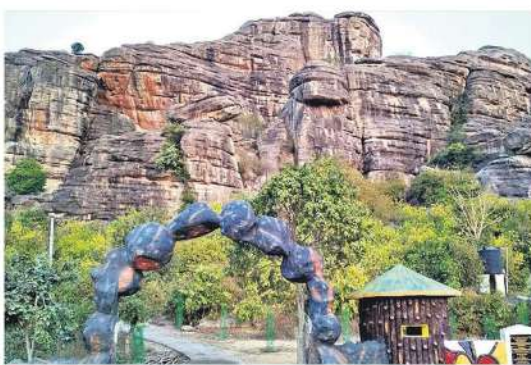

The complex consists of two concrete structured huts, one dormitory and two tented accommodation, besides a mud-structured hut that gives a feel being close to the nature.

Laknavaram Lake

It is located in Govindraopet mandal of Jayashankar Bhupalpally district, is a trending picnic spot. The lake is an exceptional thing of beauty. The lake was formed by closing down three narrow valleys. Each valley is replaced with a short bund, and hills act as their natural barrier. The lake has been constructed by the rulers of the Kakatiya dynasty in 13th Century A.D. An added advantage is that the lake takes shelter in isolated surroundings and this makes your holiday very private.

The entire region seems bountiful with green crops and pleasant water resources. The Laknavaram Lake which hides itself amidst the hills was discovered during the Kakatiya reign and the rulers expanded it to grow as a source of irrigation. An added attraction to this mystic beauty is the suspension bridge.

Pandavula Guhalu

Jayashankar Bhupalpally district consists of many Prehistoric habitation sites, which were explored by the Indian Archaeological authorities. Paleolithic Rock art paintings are found at Pandavulagutta, Regonda mandal in the district. The paintings on rock shelters were dated to megalithic times of 1,000 BC.

Rock art is a form of landscape art, and includes designs that have been placed on boulder and cliff faces, cave walls and ceilings, and on the ground surface.

It's a global phenomenon, being found in many different regions of the world. Such art-works are often divided into three forms: petroglyphs which are carved into the rock surface, pictographs which are painted onto the surface, and earth figures engraved into the ground.

ATTRACTIONS @ WARANGAL

Malluru

Malluru is located at a distance of 23km from Eturnagaram and is approachable through well maintained BT road connecting Eturnagaram and Vijayawada via Bhadrachalam. Chintamani Jalapatam, a natural spring runs through the dense forest is very prominent in this region. Local tribal believe that these spring water passing beneath the tree roots from the dense forest possesses various medicinal and excellent remedy for skin diseases. On visiting the spring, it is the local custom to visit the Holy shrine of Lord Narasimha Swamy located in Malluru.

Kaleshwara Mukteshwara Swamy Aalayam

Kaleshwaram is a town lying on the border of Telangana and Maharashtra. The town is popularly known for its ancient and famous Kaleshwara Mukteshwara Swamy Temple. This is a revered temple, dedicated to the worship of the powerful Lord Shiva. The most iconic aspect in this ancient temple is the presence of two lingas holding on to a single pedestal or the Panavattam. The temple gets its name Kaleshwara Mukteswara Swamy mandiram because of the duel presence of Lord Shiva or the Mukteshwara and the other is the Lord Yama or Kaleshwar.

Bogatha Waterfall

Bogatha waterfalls are located in Bogatha village near Wazeedu mandal at a distance of 18km from Eturnagaram. Surrounded by dense forest, hills, water streams and tribal hamlets nearby, the falls has excellent connectivity with newly constructed bridge on NH 163. These beautiful waterfalls, even though water flows throughout the year, a good time to visit is after monsoon between June and November. Visitors have to trek for some distance to reach the waterfall. It is locally known as Niagara of Telangana.

Damarvai Dolmens

Megalithic burials are located at Damarvai village which is about 15km from Tadvai. These burials stand as testimony to the existence of prehistoric man here 10,000 years ago. These are unique structures a single chamber of megalithic consisting of two or more structures supporting a huge horizontal capstone.

Three types of Dolmens are found here (one built on ground, second built on stone formations, and third of circular formation of stones). Further, these Megalithic burials are located in proximity to tribal habitat and are protected by them since ages.
