Message from the Scientific Committee Telangana Ophthalmological Society

When we began last year as a fledgling society, expectations were moderate and plans were tentative but with the phenomenal interest demonstrated by all of you, the first meeting of the TSOS at Karimnagar was a spectacular event. We had the good fortune of having some national and international luminaries such as Gerard Sutton, Ramamurthy D, R Kim, SriGanesh, Partha Biswas and Debashis Bhattacharya as guest speakers.

The challenge of pulling off a meeting at a virgin location was made seamless by the Local Organizing Committee and the team at PIMS along with the wonderful volunteers.

This year, we have an even bigger event with an unprecedented 217 submissions which have been categorized as over 50 paper presentations, 75 posters, 30 videos and close to 50 instruction courses/symposia/master classes. We are trialing an interesting concept of All We wanted to Know (AWK) audience oriented sessions, which will focus only on answering questions the audience has generated ahead of time. We have also increased the number of skills transfer courses to 6 with two new unique ones

This time too, we have a stellar star cast with 2 international speakers and over 20 guest faculty members. We have the honor of hosting 4 orations by Gaurav Luthra, Prabjot Channa, Virender Sangwan and Raja Ram Reddy.

All of these speakers, sessions, talks, course and program would mean nothing without the involvement of the audience, which is the center around which all of these revolve, so come join us and make this program count for you…

Thanking you

Chief Guest

Professor Clare Gilbert, *MB ChB., FRCOphth., MD., MSc*

Prof. of International Eye Health
London School of Hygeine & Tropical Medicine

Professor Clare Gilbert (MB ChB., FRCOphth., MD., MSc) initially trained as a vitreoretinal surgeon in the UK. Since 1990 she has worked at the International Centre for Eye Health, since 2002 at the London School of Hygiene &Tropical Medicine, where she Co-Directs the group of academics working on eye health, focussing on low and middle income countries. Her roles include research, teaching, supervising Masters and PhD students, and providing input to the planning and evaluation of eye care programmes. Her main research interest is blindness in children in low and middle income countries, including ROP and she has undertakenstudies in collaboration with colleagues in Latin America, Africa and Asia. Clare has published a large number of papers on the epidemiology of blindness in children and on ROP.

Clare is Research Advisor in Eye Health for Sightsavers, is a member of the Advisory Board of the Vision Impact Institute,is Senior Advisor to USAID's Child Blindness Program and Scientific Advisor to the Queen Elizabeth Diamond Jubilee Trust (the Trust).Clare is currently assisting the Trust to plan and implement two five year programsin India: for the control of ROPand for diabetic retinopathy in partnership with the Public Health Foundation of India.

Clare has received several international awards for her work on blindness prevention.

Guest of Honor

Professor GVS Murthy,

Director, Indian Institute of Public Health, Hyderabad

Dr GVS Murthy graduated from Guntur Medical College in 1979 and then went on to do a Masters in Community Medicine at AIIMS in 1985. He subsequently completed his Masters in Community Ophthalmology from University College, London in 1995 with a distinction.

Over the past 35 years, Dr Murthy has been a faculty at All India Institute of Medical Sciences, the Mahatma Gandhi Institute of Medical Sciences, Sevagram, Indian Institute of Public Health, Hyderabad and the London School of Hygiene & Tropical Medicine, where he is Professor of Public Health Eye Care & Disability. He has also worked with WHO (Geneva) on Prevention of Childhood Blindness and UNAIDS (New Delhi) on Behavioral Surveillance and MIS. He also heads the South Asia Centre for Disability Inclusive Development & Research, a PHFI Centre for excellence established in collaboration with the London School of Hygiene & Tropical Medicine, London, UK.

He is an Advisor to CBM South Asia Region on Disability.

He has been a Principal Investigator on 40 research projects funded by WHO, World Bank, DfID, CBM, Sightsavers, ICMR, Queens Diamond Jubilee Trust, OEU, US-India Fund, Welcome Trust and other agencies.

He has published more than 175 papers including 130 in leading peer-reviewed journals and contributed chapters to 12 books and edited 14 books/ monographs and presented more than 300 papers at national and international conferences. He is a member of editorial boards of 4 journals.

He has been the recipient of a number of awards including the ICMR Young Scientist Award (BC Srivastava Award), Dr G. Venkataswamy Award, National Society for Prevention of Blindness Award, DrRustamRanji Oration and Award, the AIIMS Golden Jubilee Oration and GMC Diamond Jubilee Alumni Oration.

From the Presidents Desk

At the outset I would like to thank all the members of our society and also the Executive Committee members for the support rendered to me during my tenure as founder president of T.O.S I am happy to note that many major events took place during this year. Like relaxation of guidelines to get empanelment in Aarogyasri- EHS scheme, successful conduct of first TOS conference in my home town. Our member Dr. Ajit Babu elected as Vice President AIOS, two of our members nominated in Telangana State Medical Council are few more proud moments of our society. I welcome Dr.Manoj Mathur The incoming President who has been pivotal in all activities of our society. I wish the LOC of H.O.A. All the very best for the Second TOS Conference at HlCC.Hope to see you at Hyderabad.

Dr. G.Hari Kishan
President of TOS

From the Secretarys' Desk

I would like to give a brief note of different events and achievements of our society during the last one year. First state conference held at Karimnagar in June 2015 was a big success in all respects. Membership of our society has risen to more than 850 , with an addition of more than 150 after its bifurcation.

Major achievement has been to get the beds required for Aarogyasri-EHS empanelment, reduced to 20 from50, benefitting a good number of Ophthalmologists.

Dr. Ajit Babu, Our member is now the Vice Pesident of AIOS. Two members of our society Dr. Rajalingam, Dr.Jagan Mohan Rao are nominated as members of Telangana Medical Council. Three more senior members, Dr. Harikishan, Dr.Ravi Kumar Reddy and Dr. Pranith have contributed generously to institute oration Awards on their names.

LOC of Hyderabad ophthalmologists association , under the able leadership of Dr.Viswanath, Dr. Nandkishore, Dr. MallikaGoyal and Chairman-Scientific Committee Dr. Pravin Krishna, is working hard to make this Second State Conference a big success. We wish them all The very best in their endeavours.

Hope to see you all at HICC.

Thanking you

Dr. A Ravindra
DraitharajuRavindra MS,DO,
Hony.gen.secretary,
Telangana Ophthalmological Society

From the Desk of the Local Organising Committee

On behalf of my chairman Dr K Vishwanath, my co-organising secretary Dr Milind Naik and all the members of the LOC I extend a soulful invitation to all the delegates , Trade and all associated, to this historic 2nd Telangana Ophthalmological Conference and the first of our vibrant state at Hyderabad.

Hyderabad is not new to you all .Just like its its blend of modern and ancient ethos our dynamic and enterprising chairman scientific committee Dr Pravin Krishna will unfold before you all a literal panorama of the basics and the latest that is to be learnt in our field. I can assure you that it will be a veritable scientific feast for the 3 days from 5-7th of August.

Organising a state conference in a place like HICC which arguably is one of the best convention centres in the world has been a herculean task. My LOC has been of immense help and support through thick and thin.

I am sure you will all enjoy this experience. Kindly excuse us for any shortcomings which might creep in.I welcome you all once again.

See You On 5th August 2016

Dr K B Nand Kishore
Organising Secretary
2nd TOSC

Incoming President

Dr. Manoj Chandra Mathur

Incoming President
Telangana Ophthalmological Society

Dr. Mathur completed his M.B, B.S in 1986 from Osmania Medical College & his post graduation in Ophthalmology in 1990 from Sarojini Devi Regional Institute of Ophthalmology Hyderabad.

He then joined LCH- Sadhuram Eye Hospital as Asst. Surgeon, where he worked for over 7 years. DrMathur completed a long-term fellowship in Glaucoma at Swarup Eye Hospital for 3 years and is currently in Private practice at his Clinic Brij-Netralaya& Consultant at Swarup Eye centre and Medivision with interest in glaucoma, comprehensive ophthalmology & anterior segment surgery.

Dr. Mathur has to his credit several scientific presentations at state & national levels. He has convened, moderated and chaired scientific sessions at the state and national conferences. He has been a quiz master many a times at erstwhile APOS conferences. He received the First prize at Scientific Exhibition of AIOS, twice in the year's 1996 at Chandigarh & 2000 at Chennai. He is also the first recipient of E.T.Selvam award of All India Ophthalmological Society, which he received at Kolkata in AIOS Conference 2001. He was awarded the "Achievement Award" of the AP Ophthalmological Society during its Silver jubilee session in 2001. He is also the recipient of V Raghavchar Award of AP Ophthalmological Society for best scientific paper presentation for the year 2003. He was conferred with RaghunandanDundoo Endowment Lecture Award for Glaucoma by his Alma Mater SD Eye Hospital in the year 2010. He was honoured by MalleswarRao Oration of APOS in 2013.

He has conducted hands-on workshops in glaucoma for postgraduate students, several times in most medical colleges of AP &Telangana. He is also on the faculty panel of the Glaucoma Society of India (GSI) & conducted workshops in states of AP & Orissa.

Dr. Mathur served as the Hon. Gen. Secretary of APOS for two consecutive terms 2006-12. He was the Vice President APOS for the year 2013-14. He is presently the Vice President Hyderabad Ophthalmologist's Association for 2015-16

DrMathur actively worked for the phenomenal success of the 65th AIOC at Hyderabad in 2007 as a member of the National committee and organising Joint Secretary. This resulted in a record saving for the society. DrMathur was again appointed as Additional Organising Secretary for the successful APAO-AIOS 2013 meeting at Hyderabad.

Dr Mathur is married to Revati Devi who is the Principal of Villa Marie Degree College and has a Daughter Reeti and a Son Rajat, both Computer Professionals

The Best Scientific Poster award of Telangana Ophthalmological Society is instituted in his name.

Vision for TSOS 2016 - 2017

Respected seniors and my dear friends.

It is my proud privilege to take over as the president of this august society. Over the last 15 years, I was fortunate to be associated with real stalwarts in the erstwhile APOS. I cherished my role in different positions with a clear conscience and in an environment of Encouragement.

The Telangana Ophthalmological Society came into existence officially last year. The founder President Dr Harikishan and other members of the Executive committee gave suggestions for the future of our society. These would be amalgamated with my own Vision and we shall aim for some concrete actions during my tenure this year. We shall achieve this through a few Advisory Adhoc sub committees with a time bound action plan. I would like to solicit cooperation from all members in this endeavor.

Membership: With all formalities of Registration of the Society being completed, we are now distributing the Life member and Non Resident Life member certificates and ID Cards to all members. The strength of any society is related to the number of members. In order to expand the membership of our society, I propose to appoint a Membership sub -committee to enroll members from the remote areas of our state.

Headquarters' for TOS: The immediate next thing should be to have a permanent address. An Adhoc Subcommittee would be constituted to explore the possibility of getting a suitable premise within Sarojini Devi Eye hospital on Long-term Lease from the Government to set up our office and a meeting room for our Executive Committee.

Liaison with Government Agencies: An additional role that is proposed for this subcommittee shall be to represent and coordinate with the diverse State Government agencies in framing suitable policies for the benefit of the majority of the members including those working in remote areas.

TOS Website: Efforts shall be made to upgrade the website of the society to make it more interactive and act as a one site resource centre for online membership, Abstract Submissions and future conference registrations. A page can be provided to each member to upload their profile. All interactive features shall be password protected.

District Chapters: One of the important aims and objects of the society is to develop camaraderie among its members. Apart from the daily professional routine, our members need to develop social interactions along with families. They should be regularly meeting atleast once a quarter at District level. Of the present 10 districts, only about 4 have a functioning District Chapter. It shall be my endeavor to personally visit the underserved districts and encourage them to constitute district Chapters under TOS.

OFWS: The Family Benefit Scheme of the erstwhile APOS is rechristened as Ophthalmologist's Family Welfare Society. TOS shall extend all support for this Society which aims to promote its social Aims and Objects.

Career Guidance for YOs': Every year our state produces around one hundred new Ophthalmologists. While it is outside the purview of our Society to interfere with the academic curriculum, it is certainly our responsibility to give proper guidance to these Young Ophthalmologists' about their future career. They should be aware

about the pros and cons of practices in government and private institutions and personal clinic setups. For this purpose, I would like to constitute a Career Guidance Sub-committee. This committee shall organise career guidance sessions as part of the CME activities of the ARC. Additionally this Committee shall also be guiding youngsters who approach them personally.

Hands on Training for YOs': Ophthalmology has made rapid advances over the last two decades in Diagnostics. All medical colleges may not be having this advanced equipment/s. Apart from a few premier institutes in our state who cater to this need at a national level; the majority is deprived of this exposure. I would like to coordinate and request Eye centre's in the private sector in our state to permit these young professionals to get a hands on training for 2 weeks. The list of centre's offering this exposure shall be listed on the website and interested youngsters can apply through TOS for these training slots.

Ophthalmic Diagnostic Centres: We would like to encourage formation of Ophthalmic Diagnostic and Laser Centre's on a Cooperative basis at each District headquarter for the benefit of practicing doctors, who are also stake holders as also the community at large. These centre's can be managed by trained YO's.

Scientific Temper: The relevance of any scientific body depends upon the quality of scientific deliberations among its members, as also its activities on the administrative front. To encourage the members to continuously strive for academic and administrative Excellence, I would like to propose constitution of "TOS Achievement Awards". Members who attain adequate cumulative credits for their contribution for a minimum of three years shall be awarded with a Silver medal and a certificate. The credits shall be counted from our First TOSC and the first awards can roll out from the Fourth TOSC, subject to the terms of these awards, which shall be formulated in consultation with the Executive Committee in due course.

TOS Today: The official publication of our society, TOS Today needs to be indexed for the benefit of our members. All efforts shall be made to get it indexed during this year.

Public Relations: Our medical Profession is considered worldwide as the toughest profession. Like in mathematics, in medicine "2+2 need not be always 4". Despite having taken all precautions and doing the best for the patient, the outcome may be abnormal due to various factors. This is picked up by the media and instantly projected as a botched up surgery or even gets extrapolated as the so called Eye Bazar or Eye Business. This causes considerable strain on the psyche of the surgeon. In any such situation while the Surgeon does take collective responsibility, the media should equally exercise restraint and ascertain facts from other professionals before reporting. To fill up this need I would like to form an Adhoc PR Committee to whom the media and the public can approach to get technical details before reporting.

Elimination of Quackery: We shall form an Adhoc Vigilance Committee to liaise with the official agencies to eliminate the menace of Quackery. I would like to request all our members to bring relevant info to the notice of this committee who shall forward it to the concerned agencies for further action.

I would like to solicit blessings from my seniors, Constructive cooperation from my colleagues and best wishes from my friends in discharging my duties as the President for the year 2016-17. My endeavor shall be to be in Real time touch with all TOS members through various social media options.

Together we shall make it happen.

Mathew Bujak, *MD, PT, FRCS(C)*

Lecturer and Director of International Ophthalmology
University of Toronto. St. Michael's Hospital
Kensington Eye Institute, Herzig Eye Institute

Dr. Matthew Bujak is a Toronto-based Ophthalmologist specializing in cornea, external ocular disease and refractive surgery. Bujak traveled worldwide as part of an international fellowship supported by HCP in 2010-2011.

Bujak completed his Ophthalmology training at University of Toronto after which he opted to pursue two consecutive fellowships in Cornea, external ocular disease and refractive surgery at renowned centers in the United States. His first fellowship was a comprehensive cornea fellowship at Doheny Eye Institute/ University of Southern California. His second fellowship was based out of the Moran Eye Center in Utah where he focused on complex anterior segment cataract surgery as well as provision of eye care and corneal transplantation to the developing world.

Bujak is currently a lecturer at the University of Toronto and operates both at St. Michael's Hospital and Kensington Eye Institute. As co-director of International Ophthalmology he plans to further expand University of Toronto's role in the developing world.

Bujak received a University wide Humanitarian award for his dedication to patient care.

Prabjot Channa, *MD*

Assistant Professor
Albert Eistein College of Medicine
Attending Physician, Montefiore Medical Center, New York

Dr Channa is board certified in Ophthalmology and is Assistant Professor at the Albert Einstein College of Medicine, New York, USA. She earned her medical degree from Bombay University in Goa, She went on to do a residency in ophthalmology at Goa Medical College and later a fellowship in cornea and external disease at the Aravind Eye Hospital in Madurai under the mentorship of Dr. M. Srinivasan.

In the USA she completed her ophthalmology residency at Albert Einstein College of Medicine. Dr Channa is fellowship trained in cornea, external disease & uveitis at Francis I. Proctor Foundation, University of California, USA. She has been at Montefiore Medical Center since 2002. While her practice concentrates on challenging chronic eye diseases, Dr Channa has long held a passion for helping patients with more serious eye dysfunction. Utilizing the most advanced corneal transplant and keratoprosthesis techniques, she has been able to restore sight in people who have lost virtually all vision, related to ocular surface problems.

She has publications and many presentations to her credit. She has presented at many national ophthalmology meetings in the USA and internationally.

Gaurav Luthra

President, IIRSI
Drishti Eye Center, Dehradun

Dr Gaurav Luthra, an internationally renowned eye surgeon is Director, Drishti Eye Institute & specializes in advanced Cataract & Laser Refractive Eye Surgery. He is an alumnus of Maulana Azad Medical College, New Delhi.

His primary areas of interest are:

- Pediatric & Challenging Cataract Surgery
- Premium IOLs
- Refractive Surgery

Dr Luthra is regularly invited to teach by the American Society of Cataract Refractive Surgeons, European Society of Cataract & Refractive Surgeons and World Ophthalmology Congress, besides several national societies. He has successfully performed over 50 live surgery workshops demonstrating latest surgical techniques around the world.

Dr Luthra has been honored by the prestigious IIRSI-JOS Gold Medal by the Jaipur Ophthalmological Society during the 5th Annual Conference of Jaipur Ophthalmological Society & Intraocular Implant & Refractive Society - 2016, Subodh Agarwal Gold Medal at IIRSI Annual Conference - 2013 for exemplary work in Cataract & Refractive surgery, Mohan Lal Gold Medal for Best Scientific Paper at UPSOS Annual Conference - 2002, to name a few. He has won numerous awards and at present holds prominent positions in the most prestigious Ophthalmological societies including:

- President, Intraocular Implant & Refractive Society of India (IIRSI)
- President, Dehradun Ophthalmological Society (DDOS)
- Hony General Secretary, Uttarakhand State Ophthalmological Society (UKSOS)
- Member Scientific Committee, All India Ophthalmological Society (AIOS)
- Member Trade Relations Committee, All India Ophthalmological Society (AIOS)

He has been also leading the surgical training programs in Lasik & Cataract Surgery for fellows at Drishti since 2002.

Gowri Murthy,

Prabha Eye Clinic, Bengaluru

Dr Gowri Murthy currently serves as the Chief, Glaucoma Service, Prabha Eye Clinic and Research Centre & Vittala International Institute of Ophthalmology.

She was author/ coauthor for the best paper award winning paper in the GSI conferences 4 times - in 2003, 2005, 2007, and 2010.

Dr Murhty has published in peer reviewed National and International Journals- 14 publications till date, presented papers and lectures given as faculty in many national and international meets (more than 100).

She serves as a reviewer for "Ophthalmology" – Journal of the American Academy of Ophthalmology, Saudi Journal of Ophthalmology, and Indian Journal of Ophthalmology

Dr Murthy is currently involved in a project "NAYANA" which empowers rural and semi urban ophthalmologists in Karnataka for providing Glaucoma care- Project supported by the World diabetes foundation. Since 2006 Feb

Her interests include newer diagnostic methods, Surgical Management of adult and congenital Glaucomas. Endoscopic cyclophotocoagulation and Quality of Life in Glaucoma.

R Krishna Prasad

MM Joshi Eye Hospital, Hubli

DR. R. KRISHNA PRASAD completed his MBBS from Karnataka Medical College Hubli with 9 gold medals and his MD from AIIMS (All India Institute of Medical Sciences) New Delhi and was a topper in the MD exams. He went on to do a Fellowship in Pediatric Ophthalmology from Medical University of South Carolina, Charleston USA.

Dr Krshna Prasad is currently working as a Glaucoma and Pediatric Ophthalmology Specialist at M. M. Joshi Eye Institute, Hubli, Karnataka since 1995.

He has been a post graduate teacher for the last 21 years and has held several executive positions in numerous Ophthalmology societies over the years. His special interest & passion is in conducting regular awareness programs about Eye Donation for public & students. He is also active in Lionism and is presently District chairman for Eye Donation & Sight Conservation. He is a Recipient of Prestigious 'Knight of the Blind' and 'Crusader of Sight' by Lions International District 317 B.. Has Passion in Kannada & English Literature. Has penned many Scientific Articles & columns in the laypress.

Vikas Mittal

Medical Director, Sanjeevni Eye Care, Ambala

Vikas Mittal completed his MBBS from BJ Medical College, Pune, Maharashtra, India in 2000 and his MS (Ophthalmology) fromPt JNM Medical College, Raipur in 2004He went on to complete a fellowship in Cornea and Anterior Segment from LV Prasad Eye Institute, Hyderabad in 2006

He is currently Consultant Cornea Surgeon and Medical Director, Sanjivni Eye Care, Ambala, Haryana

Dr Mittal won the Dr JC Luthra Gold Medal for best scientific paper, Uttranchal State Ophthalmic society meeting, 2008 and 2012 and the Dr TP Agarwal Trophy for best scientific paper (Cornea), Delhi Ophthalmic Society meeting, 2009 and several other awards in state and national conferences

He has 16 scientific publications in peer reviewed journals and is a reviewer for major international journals.

Ramamurthy D

President AIOS
Chairman, Eye Foundation, Coimbatore

Dr. D. Ramamurthy, completed his M.B.B.S from JIPMER, Pondicherry and M.D. Ophthalmology from R.P. Center, AIIMS, New Delhi,India. At present, he is the chairman of, THE EYE FOUNDATION, a chain of state of the art eye hospitals, situated in South India. His areas of interest are in cutting edge technology in Cataract and Refractive Surgery. He was the chairman scientific committee of All India Ophthalmological Society (AIOS) for a period of six years and is presently the President of the same organization. He has been awarded several named orations both in India and abroad. He has been an invited speaker and has performed live surgeries in most parts of India and in several countries abroad.

Chitra Ramamurthy

Medical Director, Eye Foundation, Coimbatore

Medical Director of 6 eye hospitals, performing Phaco in large nos of premium IOLs. End-stage corneal disease- A ray of hope

Virender Singh Sangwan

Director - SRUJANA Centre for Innovation,
Centre for Regenerative Ophthalmology and Clinical Research
Consultant, Cornea and Anterior Segment, Ocular Immunology & Uveitis Services

Dr Sangwan is a renowned ophthalmic surgeon of international repute with over twenty two years of rich experience. He has been involved with cutting-edge research in eye care and his major contribution is in the field of translational research in Ophthalmology involving limbal stem cells. Mastered technique of cultivation of stem cell for treatment of corneal blindness and have treated over 800 patients which represent largest human application of adult stem cell anywhere in the world. Developed a cost effective technique of growing cells on patient's eye and it is called SLET.

He has over 550 presentations in national and international meetings and has 165 publications in peer reviewed journals and has authored 15 book chapters

Dr Sangwan is a member of the Editorial Board of the International Ophthalmology Journal and Journal of Ophthalmology. He is Section Editor of the British Journal of Ophthalmology and was Associate Editor IJO (2000 – 2006) of the Indian Journal of Ophthalmology.

During his career, Dr.Sangwan has been longest associated with LV Prasad Eye Institute (LVPEI, since March 1998- till date), Hyderabad, India where is currently working as DirectorCenter for Ocular Regeneration (CORE) and Srujana- Center for Innovation. He has also been associated with the Department of Ophthalmology, Harvard Medical School, MA (USA) and with the DC-10 Flying Eye Hospital of ORBIS International, Inc. New York USA earlier in his career.

He has been conferred more than twenty recognition awards for personal and joint contribution in field of research in Ophthalmology from national as well international agencies, the significant ones being Dr.Shanti SwarupBhatnagar Award (2006)

Shobha Harikishen Oration 2016

SAFE SURGERY SAVES VISION " checklist / strategies to prevent complications and improve efficiency.

Raja Rami Reddy P, *MD, FRCS*

Founder Director, NEORETINA Eye Care Institute

Dr.Raja Rami Reddy P completed his MBBS from the prestigious All India Institute of Medical Science (AIIMS) New Delhi and went on to complete his MD (Ophthalmology) in 2000 from the Dr RP Centre for Ophthalmic Sciences, AIIMS New Delhi and was a senior resident at the same institute. He received his FRCS Glasgow degree awarded in 2004

Has worked as Consultant retina and vitreous surgeon in various corporate eye hospitals in Hyderabad from may 2003 to march 2010

Dr Reddy is the founder director and chief Ophthalmologist and retinal surgeon at NEORETINA eye care institute, NEORETINA has rapidly grown and gained reputation as premier eye hospital for retinal diseases as well as other sub specialities as cornea and glaucoma.

Special interests:

- Vitreomacular interface disorders especially surgeries for macular holes, epimacular membranes and vitreomacular traction
- Surgical retina including complicated vitreo retinal surgeries for PVR retinal detachment, proliferative diabetic retinopathy with TRD.
- Presented scientific papers and surgical videos in various national and international conferences and has publications in various indexed journals , national and international
- Contributing surgeon to the vitreoretinal surgical video-atlas in 2010 (Eds Sharma & Azad) largest such compilation in the world.
- Screening and treatment of preventable blindness especially diabetic retinopathy and retinopathy of prematurity.Has organized various camps in rural areas and urban slums for awareness and screening of retina for diabetic patients.

AWARDS @
1st TSOS Annual Meeting
Karimnagar 2015

1. NS Reddy competitive free paper session for post graduates and residents

Winner: Pallavi Gupta - Sarojini Devi Hospital, Hyderabad

Membership no 1509

Title: Sensitivity of impression cytology is diagnosing OSSN

2. P Ramchander competitive free paper session

Winner: Lumbini V, Hyderabad

Membership no. 583

Title: Amniotic membrane graft vsConjunctivalautograft for doing Pterygium

3. Swarup Video Session

Winner: Vivek Dave, L V Prasad Eye Institute, Hyderabad

Membership No 1565

Title: ILM peeling in an unusual case of Terson Syndrome

4. Manoj Mathur Poster session

Winner: Swathi Kaliki, L V Prasad Eye Institute, Hyderabad

Membership No. 442

Title: OSSN as the presenting feature of HIV infection

5. Gangadhar Reddy Quiz

Winners: Rohit Goud, Annapoorna, Aitharaju Lahari
Pratima Institute of Medical Sciences, Karimnagar

Skills Transfer Sessions
August 05, 2016

Hall C 1500 - 1730
HICC 1400 - 1800

2nd Telangana Ophthalmological Society Annual meeting

August 05 – 07, 2016
HICC, Hyderabad, Telangana

Friday, August 05

Retina in Layers	Rajeev Reddy P
Glaucoma Unmasked	Sirisha Senthil
Cells of the Cornea	Sunita Chaurasia
Oculoplasty Surgical Simulator	Milind Naik
Squint out of the Box	Ramesh Kekunnaya
Lacrimal anatomy	Javed Ali

Scientific Program
Day 1
Aug 05, 2016

Day - 1

Friday, August 5, 2016

0800 – 0900 **Registration**
0830 – 0900 **Flag hoisting**

Hall A:
0830 – 1000 **Symposium on Diabetic Retinopathy**
Chair: Ajit Babu Majji
Co-Chair: Srinivas Ambatipudi
Moderator: Annie Mathai

Epidemiology of DR and Screening Strategies	Padmaja Kumari Rani	10 min
Systemic Evaluation in patient of DR	Srinivas Ambatipudi	10 min
Clinical Presentation and Classification	Annie Mathai	10 min
Diagnostic Evaluation in DR	Divya Balakrishnan	10 min
Lasers in PDR and Supplemental Therapy	Tandava Krishna	10 min
Current Management of DME & Role of Anti VEGFs	Raja Ramireddy	10 min
Surgical Management of DR	Ajit Babu Majji	10 min
Discussion	All Faculty	20 min

Hall B:
0830 – 1000 **Every-day dilemmas - Interesting cases in Neuroophthalmology**
Chair: Preeti Patil Chabblani
Co- Chair: B Venkateswar Rao
Moderator: Ramesh Kekunnaya

Case of Diplopia	Preeti Patil Chhablani	10 mins
Case of Disc edema	Nikhil Choudhary	10 mins
Case of Papilleedema:	Ramesh Kekunnaya	10 mins
Case of Unexplained visual loss	B Venkateshwar Rao	10 mins
Case of Pupil abnormality	Rashmin Gandhi	10 mins
Case of Nystagmus	Ramesh Kekunnaya	10 mins
Case of Headache	Preeti Patil Chhablani	10 mins
Discussion	All Faculty	20 mins

Hall C:

0830 – 1000 **Newer Surgical Solutions for Taming Keratoconus**

Chair: Nitesh Narayen

Co- chair: Syed Maaz

Moderator: Arjun Srirampur

Introduction	Nitesh Narayen	10 mins
New techniques in C3R	Arjun Srirampur	10 mins
Femto enabled Intracorneal ring segments	Nitesh Narayen	10 mins
PRK with cross linking	Bhupesh Bagga	10 mins
Toric ICL	Syed Maaz	10 mins
Femto enabled DALK	Nitesh Narayen	10 mins
Keratoconus: My approach	Mathew Bujak	20 mins
Discussion		10 mins

HALL D:

0830 – 0930 **OFF LABEL**

Chair: Manoj Mathur

Co Chair: V Sambasiva Rao

Moderator: Mallika Goyal

Panelists: Mathew Bujak, Gaurav Luthra, KB Nandkishore, K Viswanath, K Madhukar Reddy, Rajeev R Pappuru

The Physician's dilemma	V Sambasiva Rao	5 mins
Irrigating Fluids in cataract surgery: Where to draw the line	R Krishna Prasad	5 mins
Role of RL in Ophthalmic surgeries	V Rajalingam	5 mins
Avastin: Off Label use	Tandava Krishnan	5 mins
Off label use of MMC and 5FU in Ophthalmology	Manoj Mathur	5 mins
Off Label: Canadian Experience	Mathew Bujak	5 mins
Panel Discussion		35 mins

HALL A

1000 – 1130 Allergan Anterior Segment Symposium

Chair: MS Sridhar

Bacterial conjunctivitis & keratitis current practice	Madhukar Reddy	5 mins
Corneal infection in children	Muralidhara R	5 mins
Dua's 6th layer of cornea- is it there?	Sunitha Chaurasia	5 mins
Ideal result and complications after Collagen Crosslinking CXLfor keratoconus	Somashiela Murthy	5 mins
Sjogren's syndrome and Meibomian gland dysfunction role of omega-3 fatty acids and Cyclosporine A	Nitesh Narayen	5 mins
Cataract surgery and dry eyes	Ravikumar Reddy	5 mins
Early diagnosis of severe ocular surface disorders	Virender Sangwan	5 mins
Choosing the best refractive surgery procedure in difficult situations	Roopak K Reddy	5 mins
Schirmer's and surface evaluation for refractive surgery	BSR Murthy	5 mins
Causes of unhappy patients after refractive surgery	Aasish K Bansal	5 mins
FemtoLASIK-difficult situations	N Sreelakshmi	5 mins
SMILE-difficult situations	Syed Maaz	5 mins
Discussion	All	30 mins

HALL B:

1000 – 1130 **Posterior Segment Complications of Anterior Segment surgery**

Chair: Mallika Goyal
Co Chair: Padmaja Kumari Rani
Moderator: Sandeep Bachu

Nucleus drops: Different techniques	Vivek Dave	8 mins
Posteriorly dislocated IOL	R Madhu Kumar	8 mins
Managing surgical aphakia: New technique	Sandeep Bachu	8 mins
Pseudophakic Retinal detachment	Padmaja K Rani	8 mins
Post Operative infection & Inflammation	Tandava Krishnan P	8 mins
Severe Fungal Endophthalmitis	Mallika Goyal	8 mins
CME & Phototoxicity	Padmaja K Rani	8 mins
Discussion	All Faculty	25 mins

HALL C:

1000 – 1130 **Inflammation & Ocular Surface session**

Chair: Virender S Sangwan
Co Chair: Somasheila Murthy
Moderator: Merle Fernandes

Management of Peripheral corneal Ulcers	Mathew Bujak	15 mins
Keratoprosthesis: Current scenario	Prabjot Channa	15 mins
Allergic Eye Disease	Merle Fernandes	10 mins
Scleritis	Somasheila Murthy	10 mins
Ocular surface surgery	Virender Sangwan	15 mins
Discussion		25 mins

HLL D:

0930 – 1030 Basic Glaucoma Diagnostics

Chair: Manoj Mathur
Co Chair: P Venkat Ratnam
Moderator: SA Hussain Naqvi

Approach to identify Structural changes of Optic nerve head and RNFL	Venkat Ratnam P	20 mins
Role of Imaging in assessing Optic nerve head and RNFL	S A Hussain Naqvi	20 mins
Role of Perimetry in diagnosing Glaucoma	Manoj Mathur	20 mins

HALL D:

1030 – 1130 Judging Progression on Visual Fields

Chair: Nikhil Choudhari
Co Chair: G Chandrasekhar
Moderator: Siddharth Dikshit

The introduction to the printout	Siddharth Dikshit	10 mins
Interpretation of the Overview	Ramani G	10 mins
Interpretation of the Guided Progression Analysis	Swathi Badakere	10 mins
Progression documented: What Next?	Nikhil Choudhari	10 mins
Progression of Fields versus Progression of Disease	G Chandrasekhar	10 mins
Discussion		10 mins

HALL A:

1130 – 1200 P Siva Reddy Oration Prabjot Channa

Reducing recurrences in Pterygium

Chair: Harikishan Gorityala

1200 – 1230 Rustom Ranji Oration Virender S Sangwan

End-stage corneal disease- A ray of hope
Chair: Manoj Mathur

1230 – 1330 INAUGURATION

Chief Guest: Claire Gilbert
Guest of Honor: GVS Murthy

1400 – 1530 The Big Standoff: Refractive Surgery Symposium

Chair: Gaurav Luthra
Co chair: Merle Fernandes
Panelists: Gaurav Luthra, Mathew Bujak, N Sreelakshmi, Jeevan Ladi, Madhukar Reddy, Nandkishore KB, Srinivas Thatipally, Syed Maaz

Keynote: Refractive Surgery Trends	Kasu Prasad Reddy	20 mins
Case Discussions		70 mins

HALL B

1400 – 1530 Disc and Fields Correlation

Chair: G Chandrasekhar
Interactive session with audience interpreting the disc images, HVF and some imaging, along with a lot of clinical examples with audience response pads

HALL C

1400 – 1500 VAST session

Moderator: Sai Kiranmayee
Presenters: N Sree Lakshmi, Sharat Babu C

HALL D

1400 – 1800 Skills transfer session

HALL A:

1530 – 1730 Ranga Reddy's Clinical Challenges

Chair: Madhukar Reddy
Co Chair: R Krishna Prasad
Moderator: Avinash Pathengay

KEYNOTE: Herpes simplex Virus: How have you updated your practice?	Mathew Bujak	15 mins
KEYNOTE: Endothelial Keratoplasty	Prabjot Channa	15 mins

CMV Keratouveitis	Somasheila Murthy
Hide & Seek Nucleus	RP Challa
Traumatic capsular bag & IOL dislocation in AC	Jeevan Ladi
Suction loss in Relex SMILE	Syed Maaz
Tunnel infection and Endophthalmitis	S Arjun
Rapid acceleration of diabetic retinopathy	Annie Mathai
Post RK Cataract Surgery	Merle Fernandes

HALL B:

1530 – 1700 Retinoblastoma: Recognize the features early and save a child's life

Chair: Swathi Kaliki
Co Chair: Vikas Khetan
Moderator: Akshay Nair

When should I suspect retinoblastoma:

When should I suspect retinoblastoma:Diagnosis of retinoblastoma	Akshay G Nair	15 mins
When should I not suspect retinoblastoma: Differential diagnosis of retinoblastoma	Vikas Khetan	15 mins
Retinoblastoma is curable: Treatment of retinoblastoma	Swathi Kaliki	20 mins
Enucleation is not the end of treatment for retinoblastoma: Histopathology	Ruchi Mittal	15 mins
Management of anophthalmic socket	Ravishankar houdhary	15 mins
Discussion		10 mins

HALL C:

1500 – 1730 Skills Transfer Session

HALL B:

1700 – 1800 NABH and Hospital Accreditation

Chair: Govind Hari

Co Chair: Mir Raza Ali Khan

Moderator: Meghna Varma

Session overview and introduction	Meghna Varma	5 mins
NABH Overview- the what, why, when and how of NABH?	Mir Raza Ali Khan	15 mins
Q & A		5 mins
How to avoid medicolegal issues- NABH recommendations	Javed Ali	7 mins
Infection control practices recommended by NABH	Savitri Sharma	15 mins
How to gear up for NABH	Govind Hari	15 mins
Q & A		5 mins

HALL C:

1730 – 1800 Past President's Forum

Scientific Program
Day 2
August 06, 2016

Day - 2

Saturday, August 6, 2016

HALL A:

0830 – 1000 Pediatric cataract Symposium

Chair: Ramesh Kekunnaya
Co Chair: Murali K Aasuri
Moderator: Preeti Patil Chhablani

Evaluation of a case of Pediatric Cataract and IOL power calculation	Preeti Patil	15 mins
Key Steps in Pediatric Cataract surgery: Video presentation	Ramesh Kekunnaya	15 mins
Surgery in special situations: Video presentation	Murali Asuari	15 mins
Vision rehabilitation and Follow up care	Aloka Hedau	15 mins
Panel Discussion	All	30 mins

HALL B:

0830 – 1000 All You Wanted to Know: Medical Management of Glaucoma

Chair: Gowri J Murthy
Panelists: Sirisha Senthil, P Venkatratnam, Barun Nayak, Manoj Mathur, Hussain Naqvi, Nilanjana Deb, Shikha Fogla, Kalyani Prasad

HALL C:

0830 – 0930 Skyfall: PC rent management

Chair: Vishal MY
Co Chair: Sandeep Bachu
Moderator: LVK Raju

PCR - Do's and Don'ts	Meher Tej R	12 min
Management of dropped nucleus	Sandeep Bachu	12min
Management of IOL drop	Vishal MY	12 min
Secondary IOL- various options	LVK Raju	12 min
Discussion		12 min

HALL A:

1000 – 1130 Sharat Babu Symposium on Refractive Cataract Surgery

Chair: Pradeep Swarup
Co Chair: Gaurav Luthra
Moderator: Rishi Swarup

Challenges of a small pupil during phaco	Gaurav Luthra	8 mins
Posterior polar cataracts: Anticipating and managing the problems	Rishi Swarup	8 mins
Traumatic cataract - Management issues	Partha Biswas	8 mins
Laser Refractive Cataract Surgery in challenging situations	D Ramamurthy	8 mins
Conventional Manual Phaco Vs Femtocataract A Thought process	Chitra Ramamurthy	8 mins
Phaco in Corneal haze	Namrata Sharma	8 mins
Communication in cataract surgery	R Krishna Prasad	8 mins
Panel discussion with all speakers	Pradeep Swarup	30 mins

HALL B:

1000 – 1130 All you Wanted to Know Session – CORNEAL INFECTIONS

Chair: Vikas Mittal
Panel: Bhupesh Bagga, Namrata Sharma, Somasheila Murthy, Madhukar Reddy, Savitri Sharma, Merle Fernandes

HALL C:

0930 – 1030 Iris Claw Lenses

Chair: Arjun Srirampur
Co Chair: Satish Agraharam
Moderator: Ganga Prasad Amula

IOL design, Pros and Cons over other IOLs	Pavani Reddy	10min
Surgical technique: Implantation	Ganga Prasad Amula	10 mins
Corneal Procedures along with Iris Claw	Arjun Srirampur	10min
Posterior segment complications	Satish Agraharam	10min
Long term outcomes & Literature review	Shiva Prasad G	10min
Audience Interaction		10min

HALL C:

1030 – 1130 **ROP Masterclass**

Chair: Padmaja K Rani

Co Chair: Divya Balakrishnan

Moderator: Subhadra Jalali

Revisiting ROP Pathogenesis and classification	Tandava Krishna	10 mins
Explaining the formula of Time = Vision in ROP	Satish Agraharam	10 mins
Evidence based protocols for Medical		
management of ROP	Padmaja K Rani	10 mins
Surgical management of ROP	Divya Balakrishnan	10 mins
Discussion	Subhadra Jalali	20 mins

HALL D:

0830 – 1330 **Swarup Video Session**

Judges: Pradeep Swarup, Srinivas Prasad, Nitesh Narayen, R Krishna Prasad, Ashok Madiraju, Vikas Mittal

START TIME	AUTHOR	TITLE
08:30:00	Anil K Mandal	Exploration of Schlemm's canal and primary combined Trabeculotomy-trabeculectomy (CTT) for developmental glaucoma – a twenty one year experience
08:40:00	Vivek Dave	Retained intraocular foreign bodies: A Cacophony of myriad tunes
08:50:00	Abhilasha Maheshwari	Bridge the gap-cutler-Beard Technique Revisited
09:00:00	Sandeep Bachu	Sutureless, Glueless and flapless scleral fixed intraocular lens-New technique
09:10:00	Sasya Ravuri	"Management of Stevens Johnson Syndrome and it's Sequelae"
09:20:00	Sanket Deshmukh	Endoscope: one probe many scope
09:30:00	Divya Balakrishnan	Mission everest: Tips and tricks for the management of complex traumatic retinal detachment.
09:40:00	Anupam Bagdi	Deep Anterior Lamellar Keratoplasty (DALK)- Techniques and Challenges

09:50:00	Shweta Gupta	Intra Arterial chemotherapy – An Emerging modality for globe salvage in advanced retinoblastoma
10:00:00	Remya Paulose	Dye Extrusion technique in Posterior Pole Retinal Detachment
10:10:00	Pratik Chaugule	Capsulorhexis in Paediatric cataract
10:20:00	Madhukar Reddy K	Common Intraoperative complications of phacoemulsification and their management
10:30:00	Santosh Honavar	Eyelid-Sparing orbital exenteration
10:40:00	Tarjani Vivek Dave	Customized orbital implant for implant migration
10:50:00	Santosh Honavar	Orbital floor fracture repair simplified
11:00:00	Abhilasha Maheshwari	Surgical management of Blepharophimosis
11:10:00	Divya P Rao	Combined surgery with a difference: AADI with glued IOL and pupilloplasty
11:20:00	Sanket Deshmukh	Tube extender surgery in AADI: union made in heaven
11:30:00	Anusha Badduri	Management of hypotony maculopathy post TSCPC to control IOP in failed Ahmed Glaucoma Valve
11:40:00	Vanita Pathak-Ray	Non-Valved versus Valved Drainage Devices: No Pain, No Gain!
11:50:00	Nikhil Choudhari	Modifying bleb morphology in twin site combined surgery
12:00:00	Vanita Pathak-Ray	Phaco-Endocyclophotocoagulation: relevance in angle closure disease!
12:10:00	Sanket Deshmukh	Oh the woes of belt and buckle: can a tube make us chuckle?
12:20:00	Bhupesh Bagga	Management of Acute Stevens - Johnson syndrome (SJS) and its sequelae.
12:30:00	Swathi Kaliki	Orbital exenteration: A step-by-step approach
12:40:00	Sirisha Senthil	Management of tube and plate related complications following glaucoma drainage device implantation
12:50:00	Sirisha Senthil	Topical Trabeculectomy and phacotrabeculectomy.
13:00:00	Muralidhar R	Role of Mitomycin C after Descemet's stripping endothelial keratoplasty in pediatric age group
13:10:00	Muralidhar R	Iris cysts
13:20:00	Sunita Chaurasia	Descemet membrane detachment after Deep anterior lamellar keratoplasty (DALK)-Mechanism and Management

HALL A:

1130 – 1200 RAVI KUMAR REDDY ORATION Gaurav Luthra

Pearls, Pitfalls & Innovations in Phaco- The quest for excellence!

Chair: Pravin Vaddavalli

1200 – 1230 SHOBHA HARIKISHAN ORATION Raja Ram Reddy

SAFE SURGERY SAVES VISION " checklist / strategies to prevent complications and improve efficiency.

Chair: Ravindra Aitharaju

HALL A:

1230 – 1430 AIOS ARC SYMPOSIUM

Chair: Partha Biswas

ARC for you- 8 Mins Partha Biswas

GLAUCOMA SYMPOSIUM

Chairperson: Manoj Mathur

Co-Chairperson- Barun K Nayak

Moderator- Gowri J Murthy

Panelist Hussain Naqvi, Venkatrathnam P, Kalyani Prasad

TOPICS & SPEAKERS

1.	Decoding Glaucoma Diagnostics - Key Points (8 Mins)	Chitra Ramamurthy
2.	Medical Management of Glaucoma – How to begin … How to end (8 Mins)	Barun K Nayak
3.	Surgery for Glaucoma – When to Intervene (8 Mins)	Gowri J Murthy

4. The Great Glaucoma Debate : (3mins Presentation and 2 Mins Discussion)

		For	Against
a.	Early lens extraction for patients with PACG… for or against	Kalyani Prasad	Shikha Fogla
b.	Tube vs Trab… the future of glaucoma surgery	Gowri Murthy	Hussain Naqvi
c.	Neuro protection…. Myth or Reality	P Venkatratnam	Sirisha Senthil

CATARACT SYMPOSIUM

Chairman: D Ramamurthy
Co-Chairman- Yogesh Shah
Moderator- Partha Biswas
Panelist Merle Fernandes, R Krishna Prasad, N Sreelakshmi

TOPICS & SPEAKERS

1.	Challenged to the Limits – Challenging Cases (8 Mins)	Ramamurthy D
2.	A Happy Patient after Cataract Surgery (8 Mins)	Merle Fernandes
3.	March to 0 Endophthalmitis (8 Mins)	Partha Biswas

4. Contesting Paradigms of Cataract Surgery : (3mins Presentation and 2 Mins Discussion)

		For	Against
a.	Femto vs Phaco	N Sreelakshmi	Vikas Mittal
b.	Multifocal vs Monofocal	Ravi Prasad Challa	Merle Fernandes
c.	Intra cameral antibiotics…for or against	R Krishna Prasad	Bhupesh Bagga

HALL B:

1230 – 1400 All We Want to Know Session Endophthalmitis

Chair: Avinash Pathengay
Panelists: Rajeev R Pappuru, Vivek Dave, Ashok Reddy, Srinivas Ambatipudi, Merle Fernandes

HALL C:

1230 – 1400 Madiraju Ashok Session on Complications

All Was Going Well Until..
A Video-based Interactive

Chair: Partha Biswas
Moderators: Chitra Ramamurthy, R Krishna Prasad, Murali K Aasuri
Panel: Gaurav Luthra, D Ramamurthy, Quresh Maskati, Namrata Sharma, Gowri Murthy, Barun Nayak, Shrinivas Joshi, B Venkateswar Rao

Refractive Surgery -	Gaurav Luthra, Chitra Ramamurthy
Cataract Surgery -	D Ramamurthy, Partha Biswas
Paediatric Cataract Surgery -	Murali K Aasuri
Corneal Surgery -	Quresh Maskati, Namrata Sharma
Glaucoma Surgery -	Gowri Murthy, Barun Nayak
Vitreoretinal Surgery -	Rajeev R Pappuru, Shrinivas Joshi
Squint Surgery -	R Krishna Prasad, B Venkateswar Rao
Oculoplasty Surgery -	Santosh Honavar

HALL D:

1330 – 1430 Astigmatism in Cataract Surgery

Chair: Ratan Kumar K

Co Chair: Aruna Kumari

Moderator: Shiva Prasad

Importance of astigmatic correction during

cataract surgery, various options	Aruna Kumari	8min
Different types of Toric IOLs – Pros and Cons	Shiva Prasad	8min
Preoperative evaluations and Surgical procedure	Arjun Srirampur	8min
Managing Complications with Toric IOLs	Nitesh Narayan	8min
My Long term experience & Multifocal Toric IOLs	Ratan Kumar	8min
Audience Interaction		20min

HALL A

1430 – 1600 Retina Symposium – Anti VEGF

Chair: Rajeev R Pappuru

Co Chair: Ajit Babu Majji

Moderator: Mallika Goyal

Time	Topic	Speaker
2:30 pm	Role of anti-VEGF in clinical practice	Sikander Lodhi
2:40 pm	Lucentis vs Avastin - Never ending fight for the right	Vivek Dave
2:50 pm	Role of Eylea in current practice	Rajeev R Pappuru
3:00 pm	Short term results on the safety and efficacy on new biosimilar - Razumab	Srinivas Joshi

3:10 pm	Safety and efficacy of Zaltrap in DME	Jay Chhablani
3:30 pm	Complications and management	Sandeep Bachu
3:20 pm	VRSI guidelines for using Avastin	Ajit Babu
3:40 pm	Practice guidelines - interactive	Mallika Goyal
4:00 pm		

HALL B

1400 – 1530 **Know your drugs and devices**

Chair: Quresh Maskati
Co Chair: D Ramamurthy
Moderator: Namrata Sharma

Rebamipide- 360 degree approach to dry eye	Quresh Maskati	20 mins
Accurate Biometry- the key to great outcomes	Gaurav Luthra	10 mins
Microscope – an important tool in cataract surgery	Yogesh Shah	10 mins
Understanding posterior corneal astigmatism	D Ramamurthy	10 mins
Topographic Dilemmas & Solutions	Chitra Ramamurthy	10 mins
Management of chemical injuries from beginning to end	Vikas Mittal	10 mins
OCT in anterior segment surgery	Namrata Sharma	10 mins
Saving Time in phaco surgery and optimizing outcomes	R Krishna Prasad	10 mins

HALL C

1400 – 1540 **P Ramchander Competitive Free paper Session**

Chair: Barun Nayak
Co Chair: K Vishwanath
Moderator: Sharat Babu

Paper no	Start time	Presenting author	Title
FPR1	14:01:00	MS Sridhar	Advantages of anterior segment optical coherence tomography evaluation of kayser-fleischer ring in wilson disease
FPR2	14:06:00	Tarannum Mansoori	Radial peripapillary capillaries : The forgotton vascular network

FPR3	14:11:00	Javed Ali	Stereotactic CT-DCG Guided Dacryolocalization in Lacrimal Surgeries
FPR4	14:16:00	Divya Reddy Adapa	Treatment of Idiopathic Chronic Central Serous Chorioretinopathy by Oral Ketoconazole
Discussion	14:21:00		
FPR5	14:26:00	Mukesh Taneja	Innovative Bulls Eye Drop Applicator for Self-Instillation of Eye Drops in Patients
FPR6	14:31:00	Vanitha Pathak Ray	Phaco surgery with Aravind Aqueous Drainage Implant – results of consecutive cases
FPR7	14:36:00	Srinivasa Reddy P	Eye Donation – Awareness, knowledge and willingness among general public in a South Indian population
FPR8	14:41:00	Hanumantha Reddy R	Management of of some complicated anamalies of superior oblique
Discussion	14:46:00		
FPR9	14:51:00	Swathi Vallabh Badakere	Ocular Biometry In Eyes with angle closure disease: results from LV Prasad Eye institute Glaucoma Epidemiology and molecular Genetic Study (LVPEI- GLEAMS).
FPR10	14:56:00	Swathi Kaliki	Recombinant Interferon alfa 2b for ocular surface squamous neoplasia: An efficient and cost-effective treatment modality in Asian Indian patients
FPR11	15:01:00	Sree Kumar V	"A comparative study of the various causes of preventable childhood blindness in Warangal"
FPR12	15:06:00	Vanitha Pathak Ray	Aurolab Aqueous Drainage Implant vs Ahmed Glaucoma Valve: has indigenous AADI made a difference in the management of refractory glaucomas?
Discussion	15:11:00		
FPR13	15:16:00	Subhadra Jalali	Visual, Refractive, and anatomical outcomes in ROP babies with treatable and regressed stages of ROP

FPR14	15:21:00	Sayan Basu	Supra-Tenons Excison of Pterygium with Translocation of Superior Limbus (STEP-Up): A Novel Recurrence-free Cosmetic Surgery for Primary Pterygium
FPR15	15:26:00	Muralidhar R	Long term Outcomes of Deep Anterior Lamellar Keratoplasty (DALK) in children: 8 Years Of Our Experience
FPR16	15:31:00	Sunita Chaurasia	Exploring the role of viral pathogenesis in Iridocorneal endothelial (ICE) syndrome
Discussion	15:36:00		

HALL D

1430 – 1530 **Pediatric Corneal Disorders and Surgical management: An Overview**

Chair: Muralidhar R
Co Chair: Murali K Aasuri
Moderator: Sunita Chaurasia

Over view on developmental corneal abnormalities	Muralidhar R	12 min
Preoperative evaluation, critical period assessment and timing of Surgical intervention	Sunita Chaurasia	12 min
Impact of contact lens in children	Murali K Aasuri	12 min
Surgical considerations, challenges and interesting surgical case scenarios	Muralidhar Ramappa	12 min
Question answer session and panel discussion		12 min

HALL A

1600 – 1730 **Glaucoma Surgery – Symposium**

Chair: Sirisha Senthil
Co Chair: Gowri J Murthy
Moderator: Swathi Badakere

When do you choose to do a Trabeculectomy	Gowri Murthy	10 mins
Preoperative preparations for a safe and successful Trabeculectomy	Ramani Gollakota	10 mins
Simple trabeculectomy: Step by Step	Swathi Badakare	10 mins
Principles of Trabeculectomy and its modifications	Nikhil Choudhari	10 mins
Intraoperative and early post-operative complications	Sirisha Senthil	10 mins

1530 – 1700 All We Want to Know session IOLs
Chair: Gaurav Luthra
Panelists: Vikas Mittal, Murali Aasuri, D Ramamurthy, Partha Biswas, Merle Fernandes, R Krishna Prasad

HALL C
1535 – 1810 NS Reddy Competitive Free Paper Session
Chair: Partha Biswas
Co Chair: Chitra Ramamurthy
Moderator: Gangadhar Reddy GVBK

FP No	Start Time	Presenting author	Title
FPNSR1	15:40:00	Ashish Rander	Intraocular Pressure Changes After Intravitreal Bevacizumab Injection
FPNSR2	15:46:00	Charul Singh	A study for evaluation of relationship between risk factors and Diabetic Retinopathy in Type 2 Diabetes mellitus
FPNSR3	15:51:00	Jyothi Mannem	Angiographic and OCT patterns of Acute Central serous Chorioretinopathy in a tertiary institute
FPNSR4	15:56:00	Laxmi Priya Pallapolu	A study on dry eyes in perimenopausal Females
FPNSR5	16:01:00	Vasavi Desaraju	To determine the prevalence of retinal changes in pregnancy-induced hypertension and to determine any association between retinal changes and blood pressure, proteinuria, blood urea, serum creatinine and severity of the disease.
		DISCUSSION	16:06:00
FPNSR6	16:11:00	Chiranjeevi Chowdary P	A Clinical Profile of eyelid tumours in a tertiary care hospital
FPNSR7	16:16:00	Abhilasha Maheshwari	Outcomes of Intravenous Methylprednisolone Pulse therapy & Immunomodulation in Non-specific Oribital Inflammatory Disease
FPNSR8	16:21:00	Sai Shreya Thandra	Secondaries in orbit presenting as proptosis
FPNSR9	16:26:00	Saudhamini Shiguru	Clinical outcome in patients after post enucleation reconstruction of orbit with silicone implant and dermis fat graft

FPNSR10	16:31:00	Rekha Priya KB	A Comparitive study of Intra-vitreal Triamcinolone and Posterior Sub-tenons Triamcinolone injection in cases of Diabetic macular edema
Discussion	16:36:00		
FPNSR11	16:41:00	Aftab Abdul Khader	Clinical study of ocular Manifestations of blunt trauma with intact globe
FPNSR12	16:46:00	Mohan Kannam	Correlation of perimacular ganglion cell inner plexiform layer (GCIPL)& Peripapillary retinal nerve fibre layer (RNFL) in Glaucoma according to severity and Optic Disc size.
FPNSR13	16:51:00	Sushma Katukuri	"Second intraocular surgery after successful primary pediatric cataract surgery: Indications and outcomes during long term follow-up at a tertiary eye care centre."
FPNSR14	16:56:00	Naveen Nukala	Sensitivity of RNFL thinning in diagnosing Optic Nerve compression in Thyroid Related Orbitopathy(TRO)
FPNSR15	17:01:00	Gajendra Mundhe	Change in retinal sensitivity after surgery for vitreomacular interface disorders: A prospective study
Discussion	17:06:00		
FPNSR16	17:11:00	Anamika Patel	Lesions simulating ocular surface squamous neoplasia (OSSN) clinically: A histopathological analysis
FPNSR17	17:16:00	Vivek Singh	Epidemiology of Ocular Inflammation in a Tertiary Care Centre in South India
FPNSR18	17:21:00	Ketaki Gaitonde	Demography and clinical presentation of optic neuritis in india
FPNSR19	17:26:00	Arushi Gupta	OCT angiography in retinitis pigmentosa
FPNSR20	17:31:00	Sanket P Deshmukh	Phacotrabeculectomy Versus Phacoemulsification in Medically Controlled Primary Angle Closure Glaucoma with Cataract.
Discussion	17:36:00		

FPNSR21	17:41:00	Jyothi Mannem	Comparative study of syringing and Non-invasive in evaluation of lacrimal drainage system.
FPNSR22	17:46:00	Kiran Beesam	A prospective evaluation of visual function for early detection of ethambutol toxicity
FPNSR23	17:51:00	Harshitha Chowdary	Clinical study of retropupillary fixation of iris-claw lens in various challenging situations
FPNSR24	17:56:00	Navya Cherukuri	Prospective study of intravitreal Triamcinolone versus Bevacizumab for macular edema secondary to Branch Retinal Vein Occlusion[BRVO]
FPNSR25	18:01:00	Shilpa Das	Post keratoplasty endothalmitis: Experience with endothelial versus penetrating keratoplasty over ten years at a tertiary eye care centre
FPNSR26	18:06:00	Ramani Gollakota	Bleb leak? Contact the Soft lens!
Discussion	18:11:00		

HALL D

1530 – 1630 **OCT Angio**

Chair: Satish Agraharam

Co Chair: Tarannum Mansoori

Moderator: Pavani Reddy

Concept behind Angio OCT	Satish Agraharam	15 min
Relevance of OCTA in glaucoma	TarannumMansoori	10 min
Angio OCT features in Vitreo-Retinal Disorders	Satish Agraharam	15 min
Case based presentation on AngioOCT	Pavani Reddy	20 min
Audience interaction		

HALL B

1700 – 1800 **Innovation in Ophthalmology**

Chair: Meghna Varma

Co Chair: Anthony Vipin Das

Moderator: Nilanjana Deb

Time	TOPIC	SPEAKER
5 minutes	SESSION INTRODUCTION	Meghna Varma
5 minutes talk+ panel	Julia	Ashish Jain
5 minutes talk+ panel	OWL	Sandeep
5 minutes talk+ panel	Drone Slit lamp	Harsha
10 minutes talk+ panel	High intensity ultrasound in ophthalmology	Nilanjana Deb
Q &A Innovative devices		
7 min+ 3 min Q&A	Computers in ophthalmic life	Rishi Swarup
7 min+ 3 min Q&A	Doorstep to boardroom	Anthony Vipin Das

HALL D

1630 – 1730 **Surgical management of corneal infections**

Chair: Bhupesh Bagga

Co Chair: Vikas Mittal

Moderator: Varsha Rathi

Management of Perforated Corneal Ulcer	Merle Fernandes	15 min
Surgical Pearls for Therapeutic Keratoplasty	Vikas Mittal	15min
Role of Lamellar Keratoplasty	Bhupesh Bagga	15 min
Newer Options	Namrata Sharma	15 min

HALL A

1800 – 1900 **General Body Meeting**

1930 ONWARDS **BANQUET DINNER @ BUTTA CONVENTION CENTER**

Scientific Program
Day 3
August 07, 2016

Day - 3

Sunday, August 7, 2016

HALL A

0830 – 1000 **Complicated Cataract Surgery**
Chair: R Krishna Prasad
Co Chair: Yogesh Shah
Moderator: Gaurav Luthra

Causes and prevention of PCR	Yogesh Shah	10 mins
PCR in Unusual Settings	Arup Chakrabarthy	10 mins
Posterior Polar cataracts- Expect the unexpected	Gaurav Luthra	10 mins
Managing malpositioned IOLs	R Krishna Prasad	10 mins
Management of phakic intraocular lens with cataract	Namrata Sharma	10 mins
Cataract and endothelial keratoplasty	Vikas Mittal	10 mins
Challenges in cataract surgery in Silicone oil filled eyes	Rajesh Sinha	10 mins
Discussion		20 mins

HALL B

0830 – 1000 **Orbital Tumors: A Logical approach**
Chair: Santosh Honavar
Co Chair: M Subhramanyam
Moderator: Sima Das

Evaluation of a Case of Orbital Tumors	Modini Pandrapurkar	10 mins
Imaging in a Case of orbital Tumors	Sima Das	10 mins
Overview of Benign Orbital Tumors	Fairooz PM	10 mins
Overview of Malignant Orbital Tumors	M Subrahmanyam	10 mins
Surgical Approaches to Orbit	Santosh G Honavar	10 mins
How Does Histopathology Help Improve Prognosis	Kaustubh Mulay	10 mins

HALL C

0830 – 0930 Decision making in Intermittent Exotropia

Chair: Rachna Vinaya Kumar
Co Chair: Hanumantha Reddy R
Moderator: Aloka S Hedau

Keynote: Little things that count in Exotropia Will the child outgrow the exotropia?:	Hanumantha Reddy R	15 mins
Natural course and progression How well controlled is the exotropia?	Aloka Santosh Hedau	8 mins
Assessment guidelines	Rachna Vinaya Kumar	8 mins
Are there any non-surgical methods of treating the intermittent exotropia?	Gangaprasad Amula	8 mins
What surgery: Different case scenarios	Ramesh Kekunnaya	12 mins
Discussion		10 mins

HALL D

0830 – 0900 QUIZ PRELIMS

HALL D

0900 – 1000 Corneal Topography

Chair: Vengala Rao P
Co Chair: Bhanu Prakash
Moderator: Phani Raj K

Basics in Corneal Topography	Phani Raj K	15mins
Interpretation of Orbscan report	Bhanu Prakash	15mins
Interpretation of Pentacam report	Vengala Rao P	15mins
Discussion		15mins

HALL C

0930 – 1030 Developmental Glaucomas

Chair: Anil K Mandal
Co Chair: Sirisha Senthil
Moderator: Siddharth Dikshit

Diagnostic evaluation, differential diagnosis		
&medical management	Siddharth Dikshit	15 mins
Primary surgery for newborn glaucoma	Anil K Mandal	15 mins
Management of refractory newborn glaucoma	Sirisha Senthil	15 mins
Discussion		15 mins

HALL A

1000 – 1130 G Ramachandra Rao Symposium: Rings, Hooks and Sutures

Chair: Gaurav Luthra
Co Chair: Murali Aasuri
Moderator: Arup Chakrabarthi

Managing subluxated Cataract (Video based)	R Krishna Prasad	15 mins
Living on the edge- challenging Phaco situations	Gaurav Luthra	15 mins
Small pupil	Arup Chakrabarthi	10 mins
IFIS	Gaurav Luthra	10 mins
Decentered IOL in Isolated Lens Coloboma	Arup Chakrabarthi	10 mins
Cataract surgery in Marfans syndrome	Murali Aasuri	10 mins
Perfecting Scleral fixated IOL	- Ravi Kumar Reddy	10 mins
IOL in absence of PC support	Yogesh Shah	10 mins

HALL B

1000 – 1130 Gangadhar Reddy Quiz

Quizmaster: Rishi Swarup

HALL C
1030 – 1130
Chair: Aloka Santosh Hedau
Co Chair: Gangaprasad Amula
Moderator: Krishna Priya

The patient Pediatric Ophthalmologist: Visual acuity assessment in children with special needs	Krishna Priya	15 min
Art Of Screening: The Bruckners test and plus optix screening	Aloka Santosh Hedau	15 min
The enemy: Smart Phones. Correlation to Myopia and tricks to prevent progression	Gangaprasad Amula	15 min
Art and Science of prescribing glasses in children	Rachna Vinaya Kumar	15 min

HALL D
1000 – 1100 Perfection in phacoemulsification
Chair: Ravi Kumar Reddy
Co Chair: Madhukar Reddy
Moderator: Meghraj Chitta

Wound construction: perfect tunnel	Rupak Kumar Reddy	12 mins
Ideal rhexis and choice of IOLs	Ravi Kumar Reddy	12 mins
Hydroprocedures: Golden ring	Madhukar Reddy	12 mins
Nucleotomies: For soft to hard	Megharaj Chitta	12 mins
Discussion		12 mins

Hall D
1100 - 1200 Photography in the clinic
Chair: Rajesh Fogla

HALL A
1130 – 1300 VV Ramana Rao Grand Rounds
Chair: R Krishna Prasad
Co Chair: Yogesh Shah
Moderator: Rajalingam V

S. No	Start time	Author	Title
1	11:31:00	Gadde Aruna Kumari	Rotate, Re-rotate, remove and replace (R4)
2	11:36:00	Mukesh Taneja	Keratoconus and Cataract- Vagaries of IOL Power Calculation
3	11:41:00	E. Y. Lavanya	Chronic Circumferential Corneal Inflammation in 11 Year Old Female
4	11:46:00	Uppal V. Gandhi	The creeper reaches the Apex
5	11:51:00	Arjun Srirampur	Ligneous conjunctivitis
6	11:56:00	Ketaki Gaitonde	Looks like Glaucoma,Fields like Glaucoma...but is it glaucoma
7	12:01:00	Danish Alam	Late post-operative choroidal detachment following uneventful cataract surgery in an eye on prostaglandin analogue
8	12:06:00	Prabhakar Singh	A PPMD family
9	12:11:00	Mithila Negalur	Now you see me, now you don't: A rare case of Cyclic Esotropia
10	12:16:00	Chintan Dedhia	Cherry red spot
11	12:21:00	Siva Kumar Wurity	Neonatal herpes
12	12:26:00	Kumar Nishant	Plateau Iris
13	12:31:00	Pratik Gogri	Cataract in keratoconus post hydrops
14	12:36:00	Dattatraya Shinde	Management guidelines and long term follow up of a case of ICE syndrome with obliterated anterior chamber, corneal edema and Raised Intraocular pressure
15	12:41:00	Sanket Deshmukh	Tube Extender surgery in AADI – union made in heaven!
16	12:46:00	Haritha Chowdary	Interoperative life-threatening pulmonary edema in a patient with heart disease undergoing cataract surgery under local anesthesia
17	12:51:00	Priya Mittal	Role of oral doxycycline in the management of conjunctival dehiscence following glaucoma drainage device
18	12:56:00	Shweta Gupta	Migrated orbital implant – Challenges and Novel surgical approaches

HALL B

1130 – 1300 Corneal Transplantation Redux

Chair: Prashant Garg
Co Chair: Namrata Sharma
Moderator: Vikas Mittal

Anterior lamellar Transplantation	Namrata Sharma	10 mins
Endothelial keratoplasty in challenging situations	Rajesh Sinha	10 mins
Learning curve in DMEK	Vikas Mittal	10 mins
Corneal transplantation in infection	Somasheila Murthy	10 mins
Keratoprosthesis	Sayan Basu	10 mins
Case selection for corneal transplantation	Prashant Garg	10 mins
Discussion		30 mins

HALL C

1130 – 1300 Controversies in management of posterior segment disorders

Chair: Tandava Krishnan P
Co Chair: Satish Agraharam
Moderator: Annie Mathai

QuantiFERON TB Gold test: All that glitters is not gold	Tandava Krishnan	8 mins
Retinal vein occlusions: Anti VEGF versus Steroids		
The million dollar question	Mallika Goyal	8 mins
Anti VEGF agents in ROP: New kid on the block	Padmaja Kumari	8 mins
Silicone oil injection after vitrectomy for endophthalmitis: Oil's well that ends well	Raja Rami Reddy	8 mins
Current role of buckle in management of		
Retinal detachment by vitrectomy : All roads lead to Rome	Satish G Agraharam	8 mins
Does vitrectomy have a therapeutic role in		
management of uveitis: Is offence the best form of defence	Annie Mathai	8 mins
Discussion		10 mins

HALL D

1200 – 1300 **Non Competitive Free paper session**

Chair: Arup Chakrabarthi
Co Chair: Lokabhi Reddy
Moderator: Sandeep Bachu

Paper No	START TIME	PRESENTER	TITLE
NC1	12:01:00	Deepika Manam	Study of incidence of rise in intra ocular pressure after Nd-YAG Capsulotomy for posterior capsular opacification following cataract surgery
NC2	12:06:00	Navya Cherukuri	Baseline characteristics, risk factors and clinical profile of central serous retinopathy
NC3	12:11:00	Sanjana Chennamaneni	Pre and postoperative keratometry readings in patients undergoing small incision cataract surgery comparative study
NC4	12:16:00	Sree Teja V	Evaluation of impression smear techinique in microbiological diagnosis of infectious keratitis
NC5	12:21:00	Sunny P Manwani	To report outcome, complications and safety of retro pupillary fixation of iris-claw intraocular lens for eyes of patients with poor capsular support.
NC6	12:26:00	Ratan Kumar K	Astigmatism correction in cataract patients after implantation of AcRySof Toric Intraocular lens
NC7	12:31:00	Subhadra Jalali	Emergence of retinopathy of prematurity as the leading cause of early childhood eye problem in our tertiary eye care centre.
NC8	12:36:00	Mukesh Taneja	Taking Eye Care to Rural Population with a Stereoscopic Teleophthalmic Slit Lamp
NC9	12:41:00	Aftab Abdul Khader	Study of IOP among individuals working on computer screen for PRO-Long hours
NC10	12:46:00	Navya Cherukuri	Importance of diagnostic techniques for early and prompt diagnosis of proptosis its various etiological presentations.
NC11	12:51:00	Sanjana Chennamaneni	A study of post operative outcome following cataract surgery in different grades of nuclear sclerosis
NC12	12:56:00	Bhukya Harish	Visual outcome after cataract surgery in Lens induced glaucoma

Poster Area

Manoj Mathur Poster Session

Judges: Manoj Mathur, M Subhramanyam, Raja Rami Reddy, Srinivas Prasad K

Poster No	Author	TITLE
POS1	Srujana Pinapala	Case of Retinal Detachment in retinitis pigmentosa
POS2	Tarannum Mansoori	New methodology to measure capillary density for glaucoma assessment
POS3	Vishal MY	Correlations between S.D. OCT measurement and visual acutiy in patient with retinitis pigmentosa with and without CME
POS4	Deepika Manam	Crouzon syndrome with associated exposure keratopathy-a case report
POS5	Arjun Srirampur	Outcomes of Descemet's Stripping Endothelial Keratoplasty in cases of Bullous keratopathy at Tertiary Eye Care Institute in Hyderabad.
POS6	Keerthi A	A case of bilateral choroidal osteoma
POS7	Muralimohan Gurram	Smart phone fundus photography:"me, my phone and a lens, nothing else".
POS8	Sanjana Chennamaneni	A case of Rhino orbital mucormycosis
POS9	Srilekha P	Capillary haemangioma of conjunctiva
POS10	Mrudula Gotte	Hansen's disease with bilateral anterior uvietis.
POS11	Alekhya Vanam	Sturge Weber Syndrome : An interesting case with diffuse choroidal haemangioma treated with photodynamic therapy
POS12	Tanveer Ali Khan M	A rare case of weill Marchesani syndrome associated with combined vascular occulsion: A case report
POS13	Satya Vattikonda	A Case study of osteogenesis imperfecta with blue sclera
POS14	Priyanka B	A case of Osteogenic Sarcoma of Left orbit
POS15	Sirisha Polkampally	A rare case of Isolated bilateral optical nerve sheath meningioma
POS16	Kiran Kumar N	Laurence Moon Bardet biedl Syndrome- a Case Report and Review of Literature
POS17	Krishna Priya KVR	Amniotocele: a rare presentation of congenital nasolacrimal duct obstruction

POS18	Naveen Nukala	Goldenhar syndrome presenting as limbal dermoid and its management – a case report.
POS19	Charul Singh	Goldenhar Syndrome
POS20	Asha Jyothi N	Orbital myocysticercosis presenting as Proptosis
POS21	Harish Bhukya	A case of Axenfeld Rieger syndrome with secondary glaucoma.
POS22	Laxmipriya Pallapolu	Non Albicans Candidial Granuloma - A rare presentation as proptosis
POS23	Vasavi Desaraju	Branched retinal artery occlusion : A retrospective diagnosis of congenital heart disease
POS24	Deepika Mehta	Case Report of incomplete Vogt-Koyanagi-Harada syndrome (VKH) with neurological manifestations.
POS25	Shilpa Das	Clinical course and outcome in patients with Mooren's ulcer undergoing cataract surgery.
POS26	Keerthi MSS	Femtosecond assisted deep anterior lamellar keratoplasty (DALK) in advanced keratoconus
POS27	Umesh D Bhammarkar	Dexamethasone (Ozurdex) intravitreal implant in noninfectious posterior uveitis
POS28	Shreya Thandra	Unusual presentation of pigmentary Glaucoma
POS29	Pratik Gogri	CATARACT IN KERATOCONUS WITH POST CORNEAL HYDROPS SCAR
POS30	Swathi Kaliki	Langerhans cell histiocytosis of the orbit: A study of 8 cases
POS31	Deepika Manam	Goldenhaar syndrome-a case report
POS32	Vishal MY	Second outcome of retinal detachment associated with familial exudative viteroretinopathy
POS33	Arjun Srirampur	Simultaneous management of Bullous Keratopathy with Retrofixed Iris Claw lens and Descemet's Stripping Endothelial Keratoplasty
POS34	Priyanka B	A case of Orbital and Optic nerve Meningioma of Left orbit
POS35	Deepika Mehta	Post-cataract surgery endophthalmitis caused by pseudomonas aeruginosa treatment analyses
POS36		
POS37	Vishal Govindhari	Rare complications of scleral buckling for Rhegmatogenous retinal detachment

POS38	Swapnali Sabhapandit	Relationship between horizontal corneal diameter, corneal pachymetry and curvature in myopic eyes
POS39	Deepika Manam	Ocular cutaneous albinism-a case report
POS40	Anusha Badduri	Relevance of Phaco-Endocycloplasty in angle closure disease: 1-year result of a pilot study
POS41	Swathi Vallabh Badakere	Precision and accuracy of icare pro tonometer in eyes with paediatric glaucoma with scarred corneas
POS42	Sayan Basu	Corneal and Limbal Regeneration after Simple Limbal Epithelial Transplantation: A High-Resolution Optical Coherence Tomography Based Study
POS43	Muralidhar R	Surgical outcomes in children with Limbal dermoid with two different surgical techniques - Simple excision and Lamellar keratoplasty
POS44	Muralidhar R	The Functional Success of Descemets Stripping Endothelial Keratoplasty (DSEK) In Pediatric Age Group: 8 Years Of Our Experience.
POS45	Muralidhar R	Surgical Removal Of Implantation Iris Cysts: Indications, Surgical Challenges And Long-Term Outcomes
POS46	V Nishant Janardhana Raju	A Rare case of recurrent optic nerve pilocytic astrocytoma [PA]
POS47	Hyndavi Bellaganti	Reliabilty of Ocular ultrasonography findings in cases of vitreous hemorrhage
POS48	Kiran beesam	Autologous blood as tissue adhesive for conjunctival autograft in primary nasal pterygium surgery.
POS49	Anupama Kalwad	Effect of Cataract Surgery on dry eye
POS50	Naga Madhuri	A Variant of retinitis pigmentosa
POS51	Kavya Konda	A case of sebaceous gland carcinoma of the lower lid
POS52	Mariya Farooqui	Iris in crisis ! – A rare case report
POS53	Jyothirmai V	Glaucoma patient's alumni meet with their family
POS54	Satya Vattikonda	An interesting case of pituitary adenoma and its effects on visual outcome.

POS55	Sree Kumar V	Lens induced Glaucoma in Oculocutaneous Albinism with Foveal Hypoplasia
POS56		
POS57	Abhilasha Maheshwari	Outcomes of Intravenous Methylprednisolone Pulse therapy & Immunomodulation in thyroid Eye disease (TED)
POS58	Haritha Chowdary	A case of steroid induced iatrogenic glaucoma that lead to legal-blindness in a 28 old autodriver
POS59	Sanket P Deshmukh	Comparison of surgically induced astigmatism between single site and twin site Phacotrabeculectomy in primary glaucoma
POS60	Vishal Govindhari	Rare complications of scleral buckling for Rhegmatogenous retinal detachment
POS61	Anusha Badduri	Management of hypotony maculopathy following TSCPC in AGV
POS62	Divya P Rao	Combined surgery with a difference: AADI with glued IOL and pupilloplasty
POS63	Sujani Sunkesula	A Clinical study of uveitis
POS64	Surabhi Abbagani	Ocular features in patients with psoriasis
POS65	Sravanthi Singarapu	Changes in corneal curvature in Vernal keratoconjunctivitis (VKC)
POS66	Shilpa GV	Role of Intravitreal Bevacizumab (Avastin) injection in preventing progression of Diabetic Retinopathy after phacoemulsification
POS67	Irshad Ahmed Siddiqui	"Anterior Segment OCT – Non Invasive Method for measuring tear Meniscus height "
POS68	Anita Sri Doli	Graft survival and visual outcome in patients who have undergone optical penetrating keratoplasty.
POS69	Abhilasha Maheshwari	Outomes following oral propranolol therapy in capillary hemangioma of infancy
POS70	Manogna	Pseudo-Exfoliation – Prevalence and pattern

POS71	Shwetha Sagar B	A Prospective Case Control Study Measuring Retinal Thickness In Macular Region Of Myopic Eyes Using Spectral Domain Optical Coherence Tomography (SD-OCT).
POS72	Padmavathi Polimera	Dermis fat graft: A cost effective alternative to alloplastic orbital implants in orbit reconstruction
POS73	Sunita Chaurasia	High Resolution Anterior segment Optical Coherence tomography (HR-OCT) in the diagnosis of Posterior membrane dystrophies
POS74	Sunita Chaurasia	Posterior polymorphous Endothelial dystrophy in Indian subjects
POS75	Shweta Gupta	Presentation And Management Outcomes In Histopathologically Proven Orbital And Periorbital Dermoid Cysts
POS76	Vaggu Sree Kumar	A RARE CASE OF SJOGRENS SYNDROME

PERFORMANCE IN EVERY DETAIL

Superior IOL delivery through superior engineering.[†,1-3] That's the Centurion® Effect.

The Centurion® Vision System works in tandem with the INTREPID® AutoSert® IOL Injector, which offers:

- Added stability with one-handed insertions[1,2]
- Minimized insertion enlargement[1,2]
- Less fluid ingress[3]

Contact your Alcon representative to schedule a demonstration and experience the Centurion® Effect for yourself.

MESA, ARIZONA, USA

LENSTAR APS Efficient and accurate for improved refractive outcomes

The Automated Positioning System of the LENSTAR APS assists the user during the measurement process with dynamic eye tracking. This feature is combined with LENSTAR's superior measurement technology providing axial measurements of the entire eye, dual zone autokeratometry and optional topography for best IOL prediction in all eyes.

T-CONE
Topography for torices-match the axis.

OLSEN FORMULA
Get the IOL position right-every time.

POST-REFRACTIVE IOL CALCULATION
Shammas NO-History and Masket-for premium results.

Presenting the future of car care!

Partnered with Auto krom

Complete car care products and services at your doorstep in the twin cities.

Exterior Service
This treatment is to rejuvenate and protect the exterior paint surfaces of cars by forming a tough protective layer, which protects from all the environmental attacks.

Interior Service
This treatment is aimed at providing long-term protection for both fabric and leather.
This process, not only removes the dirt, dust & grime but also is very tough on stains like chocolates, coffee etc.

Services Provided

- Exterior Treatment
- Windscreen Protection
- AC Treatment
- Wash & Glaze
- Interior Treatment
- Silencer Treatment
- Platinum Underbody Coating
- Internal Panel Coating
- Alloy Wheel Protection
- Headlight Restoration
- Engine Coating
