

HOW DO YOU BUILD INSTITUTIONAL CAPACITY FOR RESEARCH?

Every eye care organisation that handles a moderate patient base has the potential to engage in research alongside its clinical practice.

This two-day consultation on "Enhancing Research in Eye Care" aims to bring together eye care professionals, researchers, educators, and other stakeholders to explore ways to integrate research with routine patient care and build institutional capacity for research.

October Summit

Workshop on

ENHANCING RESEARCH IN EYE CARE

Advancing Knowledge and Practice

2-3 October 2023

@ LAICO, Madurai

October
SUMMIT
2023

IN HONOUR OF DR. G. VENKATASWAMY

Accommodation cost will be covered by LAICO

Registration is free but mandatory

[October Summit](#) is the annual series of workshops and consultations held in honour of the birth anniversary of our founder, Dr.G.Venkataswamy. These events are held to deliberate the real issues relating to effective eye care programmes and services and to find innovative solutions through sharing experiences and mutual consultation
