## Message from **President Desk**

**Dr. Aashish Bansal**  
President TOS

Dear colleagues

It is indeed a great pleasure for all of us to see each other in this state conference which is being held at Citadel Convention centre. Hyderabad Ophthalmologists' Association (HOA) with its past experience is again into action in organising this 8th State Annual Conference at Hyderabad.

As president of TOS and also as a member of HOA I welcome all delegates, traders, faculty and all others to join the awaited conference on 7, 8 and 9th July 2023.

Under the stewardship of our Chairman Scientific committee Dr. Rishi Swarup our society is geared up to deliver an academic extravaganza covering all topics including live surgeries.

Office bearers and all members of LOC including Dr. Madhukar Reddy, Dr. V Rajalingam, Dr. Y Raman, Dr. Superna, Dr. Alpha are putting all efforts to make the event a memorable one, on behalf of TOS I wish them success and extend all the support needed.

Hope to see you all at Hyderabad

**Dr. Aashish Bansal**

**Dr. V. Rajalingam**

## Message from **Chairman, Scientific Committee**

### **Dr. Rishi Swarup**

Chairman, Scientific Committee

Dear Delegates,

On behalf of the scientific committee, I extend a warm welcome to all of you to actively participate in the 8th Annual Conference of the Telangana Ophthalmological Society - BHAGYANAGARTOSCON 2023.

The heart of the the conference is the scientific program. This year we have attempted to keep the sessions more focussed to benefit post graduates and general ophthalmologists. We have tried to give a comprehensive overview of all sub-specialities of ophthalmology through a multitude of sessions such as symposia, masterclasses, video assisted skill transfer (VAST) session , Live and Near-Live surgeries, Hands-on workshops, Post Graduate Quiz, Free paper , video and poster presentations. We have even attempted to touch upon topics related to practice management, NABH accreditation and other such focussed sessions to benefit practitioners. Finally for some entertainment quotient we have the popular Ophthalmic Premier League (OPL) on Sunday morning that is sure to add some fun quotient to the science. We have over 15 guest faculty (including some international/national faculty joining over zoom) in addition to a rich plethora of host faculty, who will enrich our delegates with their scientific knowledge and demonstrations.

This year we had a record number of 556 abstract submissions for various categories of instruction course, grand rounds, free paper, poster and video sessions. I thank all the members of the scientific committee and other colleagues who have helped in the mammoth task of screening and evaluation the abstracts so that we could select the best for presentation during the conference.

I sincerely thank everyone who has worked hard to make the conference come to fruition and hope that delegates will carry back some positive new knowledge and experiences at the end of the 3 day extravaganza.

**Dr. Rishi Swarup**  
Chairman, Scientific Committee  
Telangana Ophthalmological Society
